DETAILED ACTION

EXAMINER'S AMENDMENT

1.   An examiner's amendment to the record appears below. Should the changes

and/or additions be unacceptable to applicant, an amendment may be filed as provided

by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be

submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview

with Sonia K.Guterman on August 28,2006.

Attorney agreed to cancel the claims 7 and 8.

Attorney sends the separate page of an "Abstract".

Information Disclosure Statement

2.   The prior art documents submitted by applicant in the Information Disclosure

Statement filed on 5/19/2006 have all been considered and made of record (note the

attached copy of form PTO – 1449).

Allowable Subject Matter

3.   Claims 2-6 are allowed.

4.   The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in a combination fails to anticipate or fairly suggest the limitations of the independent claims, in such a manner that rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claim 3, for example, which include, a zoom lens having a front lens group and a controllable lens group and a folding mirror arranged between the front lens group and the controllable lens group.

5.   Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
